

Requirement: We need to make changes to the email stats in the web view.

Solution: We will make the following changes in the Email Stats:

- We will remove the graph from the stats
- We will remove the Total Sent box also
- Total Delivered Percentage will be $\text{Total Delivered} \times 100 / \text{Total Request}$
- Total Clicks will be Unique clicks
- Unique Clicks percentage will be $\text{Unique Clicks} \times 100 / \text{Unique Opened}$
- The total Lead Percentage will be $\text{Total Leads} \times 100 / \text{Unique Clicks}$
- The Unique Visits Percentage will be $\text{Unique Visits} \times 100 / \text{Unique Clicks}$
- We will also show the invalid & Unsubscribed number

Drilldown stats for the run campaign for admin & child: If the Admin or child views the run campaign stats they can drill down to the exact details.

A child can view these stats for the auto-email as well.

The screenshot shows the SalesKenda dashboard with a search bar and a table of blocked emails. The table has columns for Name, Email, Status, and Details. The status for all emails is "Blocked".

Name	Email	Status	Details
Ajay 1983	ajay1983@yopmail.com	Blocked	ⓘ
Ajay 1984	ajay1984@yopmail.com	Blocked	ⓘ
Ajay 1985	ajay1985@yopmail.com	Blocked	ⓘ
